

# Asset Building Holiday Movie Cards

## Conversation Cards to Build Assets, Spark Conversation, & Create Action Plans

*Use the following Conversation Starter Cards after watching one of our recommended movies to deepen your family's experience.*

### **DIRECTIONS:**

1. Print all three of the following pages or just the ones you need for the movie you're watching. **Make sure you print them SINGLE SIDED.** And don't print this page unless you really want to.
2. Print on Avery 5881 paper if you happen to have that laying around. Or if you're like me, print them on whatever's in the printer and hope for the best.
3. It's also perfectly acceptable to print them in black & white.
4. Do your best to cut them out, or let your children and don't worry about it.
5. Fold them up.
6. Put them in a dish, scatter them on the table, toss them in the air like confetti.
7. Take turns opening and reading each card.
8. Revel in how easy it is to be **#tetonvalleyassetbuilder!**

### **ABOUT BONUS CARDS:**

These cards can be left blank so that the person drawing them has to come up with their own question.

You can also fill them in prior to playing with things like:

What's your favorite way to spend time together as a family during the holidays?

Tell each person playing what you most appreciate about them.

What's one thing you wish were different in your family? How can we commit to changing that in the coming year?

Or better yet ask the kids to write in their own questions!
